

# Prestige Stone Kerb 450 W11DC

A decorative and integrated 'one-piece' memorial housing component which

incorporates the tablet recess, two posy holder recesses and spacer wings.

The decorative unit houses a granite memorial plaque for inscription purposes

and can be inscribed and ready to fix at the time of interment. Subsequent interments

are made by simply removing the plaque, giving direct access to the burial chamber. The concrete chamber is situated beneath each memorial unit. The vault can accept up to four cremated remains caskets.

The memorial is suitable for fitting to a concrete foundation in rows, single or back to back.
