Example

1. Family to provide **welters**, through their client on an official order, the inscription details showing line by line how they would read on the tablet. Also at this time, the family should select choice of motif, and provide photograph if applicable.

2. **welters** will proof this information in the correct format and send back to their client for the family to check and sign prior to producing the inscribed tablet. This should then be faxed back to **welters**, showing the family's signature, enabling production to commence.

3. Second inscriptions should be notified to **welters** on official order also, showing all details as above. Following approval of the proof, the tablet will be collected from site in order to effect the second inscription.
